INSTITUTION'S INNOVATION COUNCIL

Employability Development Programme in Banking, Finance and Insurance

Date: 17.11.2025

Organized by: Institution's Innovation Council (IIC)

In collaboration with: School of Management

School of Management (SoM), in collaboration with the **Institution's Innovation Council (IIC)**, successfully organized an industry-focused employability enhancement programme titled **"Going Beyond Skilling – Employability"** on **17 November 2025**, from **12:00 PM to 1:00 PM**. The programme was conducted in association with **Bajaj Finserv** as part of its **Certificate Programme in Banking, Finance & Insurance (BFSI)**, aimed at strengthening students' industry readiness and career preparedness.

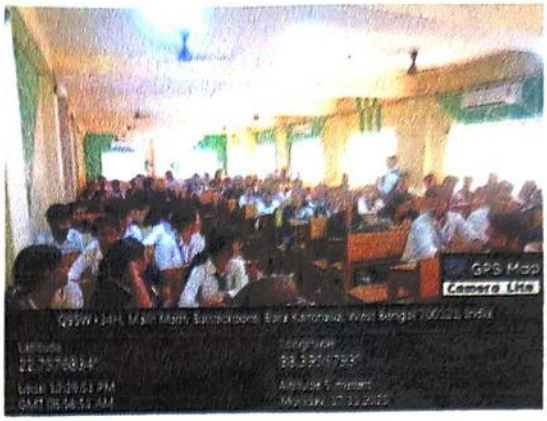

The programme was conceptualized to address the growing need for **industry-aligned skill development** among management students, particularly in the rapidly evolving domains of banking, financial services, and insurance. By bringing together academic stakeholders and industry professionals, the session served as an effective platform to bridge the gap between theoretical knowledge and practical industry requirements.

During the session, experts from **Bajaj Finserv** delivered comprehensive insights into the BFSI sector, highlighting current trends, emerging roles, and the competencies expected from future management professionals. The speakers elaborated on the structure and objectives of the **Bajaj Finserv**, emphasizing its focus on experiential

learning, real-world case exposure, and employability enhancement. Students were made aware of how such certification programmes can significantly improve their professional skill set, confidence, and career prospects in a competitive job market.

The interactive nature of the programme encouraged active student participation. Learners engaged in discussions related to career pathways, skill gaps, and professional growth opportunities within the BFSI sector. The session also emphasized the importance of continuous upskilling, adaptability, and innovation—key attributes required for sustainable career development in today's dynamic corporate environment.

The programme was organized under the guidance of the **Institution's Innovation Council (IIC)**, Ministry of Education initiative, reaffirming the institution's commitment to promoting innovation, entrepreneurship, and industry engagement among students. The collaboration with the **School of Management** further strengthened SoM's strategic objective of fostering meaningful **industry–academia partnerships** and delivering outcome-based education aligned with national employability goals.

The event witnessed enthusiastic participation from students of the School of Management and concluded with a positive response from attendees, who acknowledged the relevance and practical value of the programme. Such initiatives significantly contribute to the holistic development of students by equipping them with industry-relevant knowledge, professional exposure, and enhanced employability skills.

The **School of Management** and **Institution's Innovation Council (IIC)** express their sincere appreciation to **Bajaj Finserv** for their valuable support and expert interaction. The successful organization of this programme marks another important milestone in SoM's ongoing efforts to empower students and prepare them for successful careers in the banking, finance, and insurance sectors.
