Appendix: Full Totals & Data Notes

Student Support & Skill Development Initiatives

To enhance the employability of our unplaced students, the University conducted a series of comprehensive Skill Development Programs throughout the academic session · designed to bridge the gap between academic learning and industry requirements.

- Aptitude & logical reasoning
- Quantitative ability
- Verbal communication
- Interview preparation
- Group discussion techniques
- Resume building
- Personality development
- Workplace etiquette
- Domain-specific technical skills
- Career counseling
- Mock interview sessions
- Industry mentoring

In addition, students received career counseling, mock-interview sessions, industry interaction opportunities, and mentoring from experienced professionals to build confidence and job readiness. Through these continuous training and capacity-building initiatives, the University made every effort to prepare unplaced students for recruitment drives · equipping them to secure suitable employment and participate successfully in campus and off-campus placement processes.
