Free Eye Check-up Camp &  
spectacle distribution

Students' Observation,

15<sup>th</sup> August, 2023

Organized by

School of Allied Health Sciences  
Department of Optometry

In the occasion of Independence Day Swami Vivekananda University, Barrackpore has organized a one-day free eye check-up camp and free spectacle distribution on 15<sup>th</sup> August 2023.

The free eye check up camp was having the objective to screen the individuals for visual impairment and to create eye health related awareness in a community. Also distribution of spectacle in free of cost implement the effectiveness of the eye camp in the social service. As we know that, the students can play an important role in improving and strengthening the society, thus, regiment of a health and eye check-up camps in educational institution is very much meaningful in view of various health awareness programs. The vision and mission of Allied Health Science departments of Swami Vivekananda University are to focus on the interface between human being and nutrition to discuss about the nutritional status of a community, to focus on the identification of pain and movement related issues, to inspect any type of visual impairment, or to examine any other physical or physiological issues.

To fulfil our novel aim on 15<sup>th</sup> August 2023 we have organized the free eye check up camp and spectacle distribution at Barrackpore campus. With increase rate of vision related problems and burden of visual impairment, it has become very important aspect to screen in eye camps. In this camp detailed eye examination was done including, vision check up, eye power check up, retina check up, overall eye health check up was done, refractive correction for distance and near were prescribed. A total of 92 students, teachers and non teaching staff were registered for the eye check up camp. Total of 15 students and 4 faculties had participated in the camp. It was a great success with a very satisfactory response from the participated patients.

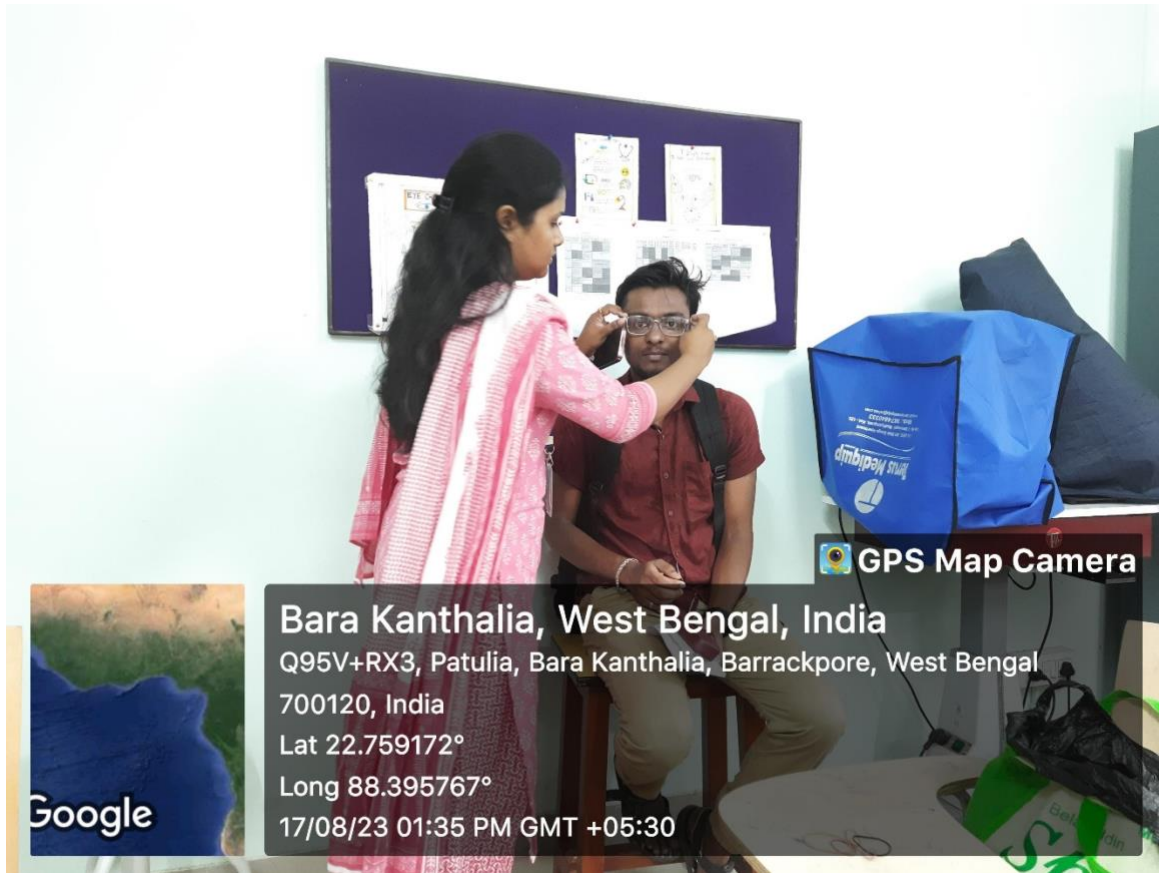

Distribution of spectacle has successfully impacted by reducing the burden of visual

impairment due to refractive blindness in the society.
