"When you are doing any work.. do it as worship, as the highest worship, and devote your whole life to it for the time being"

.....Swami Vivekananda

MISSION

Educational Excellence: To provide high-quality education that equips students with a strong foundation in the humanities and social sciences, including literature, philosophy, history, sociology, psychology, and other relevant disciplines.

Critical Thinking and Analytical Skills: Foster the development of critical thinking, analytical skills, and a capacity for independent thought, enabling students to evaluate information, form reasoned opinions, and contribute meaningfully to societal discussions.

Cultural and Global Understanding: Promote cultural awareness and a global perspective, preparing students to engage with diverse societies and navigate the complexities of an interconnected world.

Ethical and Civic Responsibility: Instill a sense of ethical responsibility and civic engagement, encouraging students to contribute positively to their communities and society at large.

Interdisciplinary Approach: Embrace an interdisciplinary approach, encouraging the integration of knowledge from various fields to address complex societal challenges.

Research and Scholarship: Encourage and support research and scholarly activities among faculty and students, contributing to the advancement of knowledge in the humanities and social sciences.

Effective Communication: Develop strong communication skills, both written and verbal, to enable students to express ideas clearly, persuasively, and in a manner that fosters effective interpersonal relationships. Lifelong Learning: Instill a commitment to lifelong learning, recognizing that the fields of humanities and social sciences are dynamic and require ongoing intellectual curiosity and adaptability.

Diversity and Inclusion: Create an inclusive and diverse academic environment that values different perspectives, backgrounds, and experiences, fostering a rich and vibrant learning community. Preparation for Careers and Further Education: Equip students with the skills and knowledge necessary for success in a variety of careers, as well as preparing them for advanced studies in graduate and professional programs

VISION

Global Citizenship: Cultivate a community of scholars and students who are global citizens, possessing a deep understanding of diverse cultures, perspectives, and global issues.

Intellectual Excellence: Strive for academic excellence in the humanities and social sciences, becoming a recognized center of intellectual rigor, innovation, and scholarly achievement.

Social Impact: Aspire to make a positive impact on society by producing graduates who are not only academically proficient but also socially responsible, contributing to the betterment of communities and societies.

Innovation and Interdisciplinarity: Encourage and champion innovation and interdisciplinary collaboration, fostering a dynamic academic environment that addresses complex challenges through creative and collaborative approaches.

Ethical Leadership: Aim to develop ethical leaders who understand the moral implications of their actions and decisions, demonstrating a commitment to integrity, empathy, and social justice.

Cutting-Edge Research: Strive to be at the forefront of research in the humanities and social sciences, contributing new knowledge and insights that advance the understanding of human behavior, societies, and cultures.

Diversity and Inclusion: Envision a diverse and inclusive academic community where individuals from various backgrounds feel welcome, valued, and empowered to contribute to the collective learning experience.

Life-Long Learning Culture: Foster a culture of lifelong learning among faculty, staff, and students, recognizing that education is an ongoing process that extends beyond formal academic programs.

Community Engagement: Actively engage with local, national, and global communities, applying knowledge and expertise to address real-world issues and collaborating with external stakeholders to create positive societal change.

Transformational Education: Strive to provide an education that transforms individuals, equipping them with the skills, knowledge, and mindset necessary to adapt to a rapidly changing world and contribute meaningfully to their chosen fields.

Empowering Voices: Seek to empower diverse voices and perspectives, ensuring that underrepresented and marginalized groups are given a platform and support to contribute to academic discourse.

OBJECTIVES

Global Citizenship: Cultivate a community of scholars and students who are global citizens, possessing a deep understanding of diverse cultures, perspectives, and global issues.

Intellectual Excellence: Strive for academic excellence in the humanities and social sciences, becoming a recognized center of intellectual rigor, innovation, and scholarly achievement.

“When you are doing any work.. do it as worship, as the highest worship, and devote your whole life to it for the time being.”

SALIENT FEATURES

1.Sharpen your creative mind: Humanities and social sciences help you hone your creative skills. This niche will help you develop ingenious ideas and will act as a booster for your glorious career.

2.Understand the impact of science and arts: No one can understand the impact of science, technology, arts, music, history, literature, and philosophy on a culture or civilization better than a student of humanities and social sciences. A good student can even predict the future based on these facts and data.

3.Become a global citizen: If you want to travel abroad or even work there, studying humanities and social sciences will help you a lot. You can become a citizen of the world and foreign countries such as – USA, Germany, France, UK, and more will always welcome you.

4.Humanities teach you empathy: Studying humanities and social sciences will make a student know the value of empathy. Empathy is a must-have feeling to survive in this era of cutthroat completion and highly competitive market. If we can understand the problem of others and are able to fit our feet into their shoes, then we have overcome more than half of the difficulty in the easiest way.

5.Improve your social skills: Learning humanities and social science amplifies your social skills. Humanities help you understand everything better including people and in turn, it will boost your interpersonal and communication skills

WHY @ HUMANITIES & SOCIAL SCIENCES

1.Cultural Understanding: Humanities help us understand various cultures, their histories, and the values that shape them. This knowledge fosters cultural empathy and appreciation for diversity.

2.Critical Thinking Skills: Humanities encourage critical thinking and analytical skills. Studying literature, philosophy, and history enables individuals to analyze complex situations, consider multiple perspectives, and make informed decisions

3.Communication Skills: The study of humanities enhances communication skills, both written and verbal. It teaches how to express ideas clearly and persuasively, fostering effective communication in various contexts.

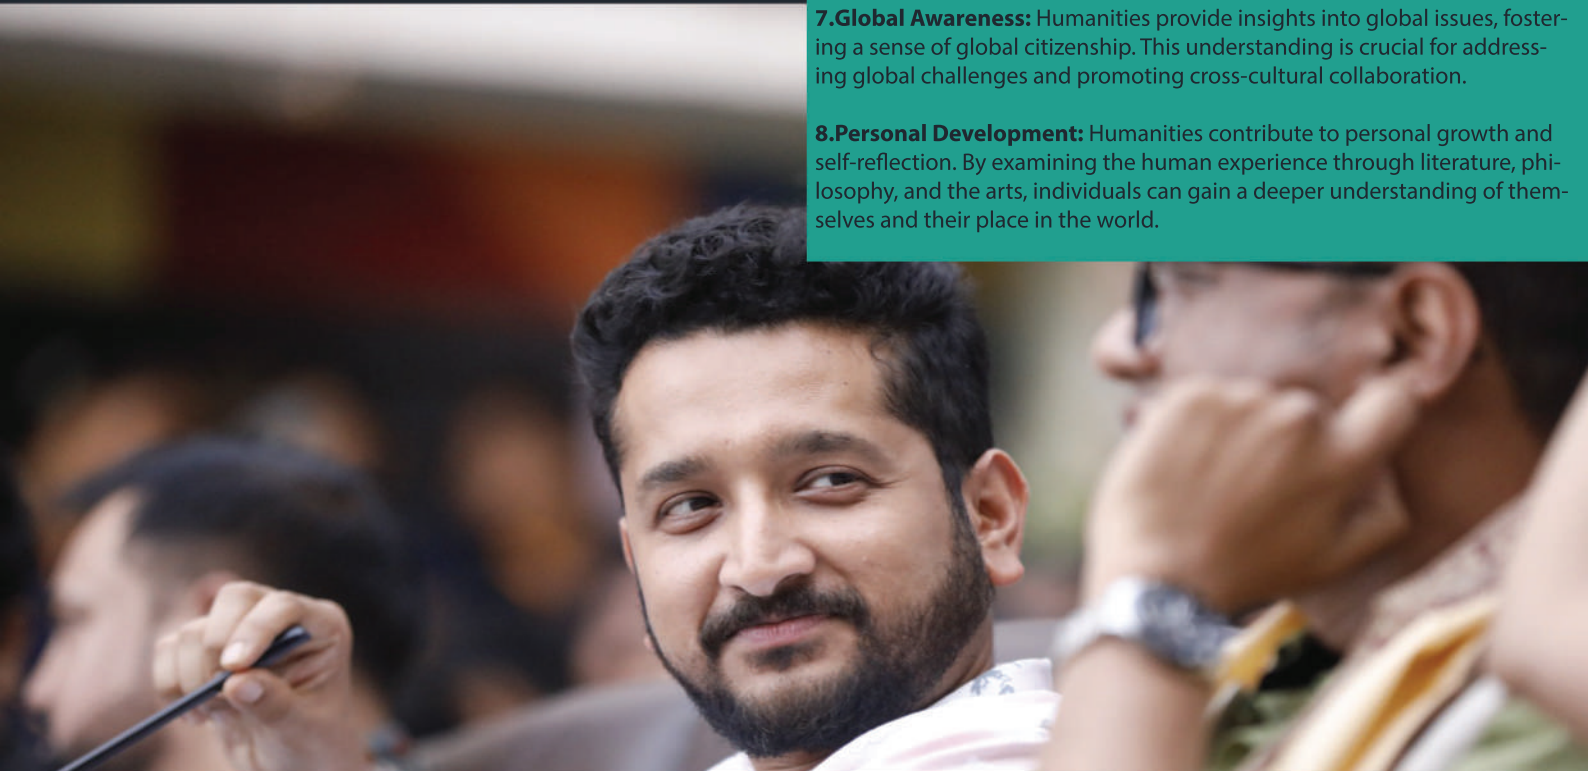

4.Historical Perspective: Humanities provide a historical context for understanding current events. Studying the past helps us grasp the evolution of societies, institutions, and ideas, aiding in informed discussions about the present.

5.Ethical Considerations: Humanities explore ethical questions and moral dilemmas, helping individuals develop a sense of responsibility and ethical decision-making. This is essential for a well-functioning and just society.

6.Aesthetic Appreciation: Literature, art, music, and philosophy contribute to our appreciation of beauty and creativity. Studying humanities allows individuals to explore the richness of human expression and creativity.

7.Global Awareness: Humanities provide insights into global issues, fostering a sense of global citizenship. This understanding is crucial for addressing global challenges and promoting cross-cultural collaboration.

8.Personal Development: Humanities contribute to personal growth and self-reflection. By examining the human experience through literature, philosophy, and the arts, individuals can gain a deeper understanding of themselves and their place in the world.

“When you are doing any work.. do it as worship, as the highest worship, and devote your whole life to it for the time being”

STUDENTS' TALK

It was a great learning experience at SVU, we had industry-oriented and well experienced faculty and trainers from across the industry. The placements team is supportive, and encourages and equips the students to perform better in their interviews. These activities have helped me develop my overall personality and capabilities in tune with the requirement of the corporate world.

Amrita Ghosh
M.A. in English
2023-2025

A hearty thanks to all my faculties for believing in my capabilities and giving me a platform to grow and a special thanks to the placement department for doing such a wonderful job and for getting the best of the best companies to our campus. The whole process of placement was a huge roller-coaster and there were rejections but all thanks to the University for teaching me to never lose faith and giving me plenty of new opportunities.

SVU is a place of learning, fun, culture and many other things. I got placed possible because of the efforts made by faculty and placement cell .

SWARNALI CHATTOPADHYAY
M.A. in English
2023-2025

SVU has provided the platform to meet good recruiting companies. It not just provides me with various platforms to showcase my abilities and skill but also helps us to learn all soft skills that are highly required. We get training on interview skills, communication skills, life skills, and effective time management many more

ISHIKA BHATTACHARJEE
M.A. in English
2023-2025
